PUBLIC HEARING

1) Recommendation on Ordinance 2022-06 – Nahas Property – Annexation & Rezoning of Approximately 19.81 Acres Located at the Northwest Corner of Mt. Homer Rd. and East Burleigh Blvd.

Mr. Fitzgerald provided the following staff report:

SUMMARY:

The subject property is approximately 19.81 acres located at the northwest corner of Mt Homer Rd. and East Burleigh Blvd., and is contiguous to the City boundary. The land is presently zoned as County Planned Commercial District (CP), and the applicant is proposing that the property be annexed and rezoned to Residential Multi-Family (RMF-3).

The proposed zoning of Residential Multi-Family (RMF-3) is compatible with the surrounding zoning, which is a mixture of residential, commercial, and public facilities zoning. The applicant at this time envisions the construction of ten (10) three-story buildings containing thirty (30) units each totaling three hundred (300) residential apartments, together with recreational amenities including a clubhouse and swimming pool. The subject property is in close proximity to AdventHealth Waterman hospital, the Tavares medical village, the Eustis Village shopping center, and many other commercial businesses located on US-441. The proposed use is consistent with the Comprehensive Plan by ensuring the availability, quality, and sustainability of a mix of housing types in Tavares. The proposed use will meet the increasing demand for the availability of attainable housing for individuals employed by businesses that the community relies upon to remain economically viable. The property is adjacent to Pinecrest Academy Charter School (grades K-8), and per the Lake County Schools Growth Planning Department, the public schools impacted are Eustis Heights Elementary, Eustis Middle, and Eustis High School. The owner is required to obtain school capacity reservation prior to development approval.

The annexation of this property has been reviewed per the City's Annexation Policy. It has been determined by City staff that the property may be properly serviced by the City without undue hardship or significant negative fiscal impact on the City. The City of Tavares has municipal water and waste water utility services available for the subject parcel.

The environmental assessment submitted by Zev Cohen & Associates indicates no adverse conditions or environmental concerns with the property. Prior to any development, the property owner must comply with all Florida Fish and Wildlife Conservation Commission provisions as they pertain to threatened species.

The traffic study submitted by VHB provides a summary conclusion regarding the level of service for surrounding roadways, and finds that the surrounding roadway network will not be negatively impacted by the anticipated traffic increases generated by the proposed development. The study contains a recommendation for future improvements to the intersection of Huffstetler Drive and Mt Homer Road for conversion from a two-way stop condition to a signalized intersection. City staff notes this recommendation and will coordinate with developers, Lake County, and the City's Engineer to apply it to development proposals in this area.

Development of the property will be in accordance with the provisions of the City's Land Development Regulations. Prior to the issuance of any Building Permits for this property, compliance with all applicable regulations will be required.

The City is concurrently processing a future land use map amendment to re-designate the property from Lake County Urban Low Density to City of Tavares High Density (HD) on the Future Land Use Map 2040.

The land presently has a land use designation of County Urban Low Density, and the property owner is requesting an amendment to the Tavares Comprehensive Plan Future Land Use Map 2040 to change the designation of said property from Lake County Urban Low to City High Density (HD).

Ordinance 2022-07 proposes a small-scale amendment to the Future Land Use Map 2040 of the Comprehensive Plan from County Urban Low to City High Density (HD).

The subject property is adjacent to a mix of residential, commercial, and public facilities uses. An application to annex and rezone this property to a Residential Multi-Family (RMF-3) designation is concurrently under consideration.

Future Land Use Amendment

The city is required to place a future land use designation on annexed property. The subject property is currently designated County Urban Low Density. A City High Density (HD) designation is most compatible with surrounding property and County Future Land Use.

Compatibility

The land surrounding this property is residential and commercial in nature.

Site Conditions

The property is currently vacant.

Impact on City Services

The subject property is located in the City's Utility Service Boundary Area. The City of Tavares has municipal water and waste water utility service capacity available for the subject parcel. 3) Recommendation on Ordinance 2022-08 - Park Square Homes – Annexation & Rezoning of Approximately 03.13 Acres Located West of SR-19, South of Slim Haywood Ave., North of Camp Rd.

Mr. Fitzgerald gave the following presentation:

SUMMARY:

The subject property is approximately 03.13 acres in size, located west of SR-19, south of Slim Haywood Ave., north of Camp Rd., and is contiguous to the City boundary. The land is presently zoned as County Agriculture (A), and the applicant is proposing that the property be annexed and rezoned to Residential Multi-Family (RMF-2). The property abuts Camp Rd. on the north side and the annexation of the property will eliminate a separation between the existing City boundary and the Camp Road right-of-way. Park Square Homes is proposing a residential development known as Leela Reserve that will incorporate the 03.13 acre subject property to be used primarily for landscape buffering and storm water retention. The Leela Reserve subdivision is under preliminary review by City staff, and is already a permitted use under RMF-2 zoning per Ordinance 2022-02 approved by City Council on March 16, 2022.

This property is adjacent to residential land use. The proposed zoning of Residential Multi-Family (RMF-2) is compatible with surrounding property.

The annexation of this property has been reviewed per the City's Annexation Policy. It has been determined by City staff that the property may be properly serviced by the City without undue hardship or significant negative fiscal impact on the City. The City of Tavares has municipal water and waste water utility capacity available for the subject parcels. The developer shall be responsible for extending municipal utility services to the subject property upon development.

The environmental assessment submitted by Austin Environmental Consultants, Inc. indicates no adverse conditions or environmental concerns with the property. Prior to any development, the property owner must comply with all Florida Fish and Wildlife Conservation Commission provisions as they pertain to threatened species.

The design of the Park Square Homes residential project (Leela Reserve) indicates that the 03.13 acre subject property will be used primarily for landscape buffering and stormwater retention, and therefore will result in no additional traffic impact.

The City is concurrently processing a future land use map amendment to re-designate the property from Lake County Urban Low Density to City of Tavares Medium Density (MED) on the Future Land Use Map 2040.

OPTIONS:

- 1. That the Planning & Zoning Board moves to recommend approval of Ordinance 2022-08 annexation and rezoning to Residential Multi-Family (RMF-2), of approximately 03.13 acres of property located west of SR-19, south of Slim Haywood Ave., north of Camp Rd.*
- 2. That the Planning & Zoning Board moves to recommend denial of Ordinance 2022-08.*

Chairman Santoro asked for confirmation that the area is a retention area and asked if it is a requirement for the subdivision. Mr. Fitzgerald confirmed that it will be used as a retention area and act as a storm run-off area for Camp Rd.

MOTION

Dara Treadwell moved to recommend approval of Ordinance 2022-08, seconded by James Sweeza. The motion carried unanimously 6-0.
